EXPLORE: Work-Based Learning (CO-OP)

Work-Based Learning Credit may be earned through CO-OP placements. Students have the option to be released from school early to participate in the work-based learning program. Students must already be employed in order to apply to participate in Co-op. Students are employed by a business that agrees to provide on-the-job training that *correlates with concurrent classroom instruction*. A school coordinator monitors the student's work performance. Students may earn 1 to 3 credits per year. An informational meeting will be held in May.

Students interested in Co-op, must select CO-OP as an ALTERNATE. DO NOT include CO-OP in your 7.0 credits. Schedules will be adjusted in fall after all paperwork is complete and approved.

EXPLORE: Dual Enrollment

Take College Classes While Still in High School

The State of Michigan requires [qualifying scores](#). Your PSAT or SAT scores can be used.

Please visit the [Dual Enrollment](#) page of the HHS Counseling website, and meet with your counselor for more information.

[Dual Enrollment Paperwork](#) for Fall 2020 should be turned in to your Counselor in May. LCC is registering for Fall Classes SOON...

Plan - Career Zones & 4 Year Plans

The six **Michigan Career Zones** are broad groupings of careers that share similar characteristics and whose employment requirements call for many common interests, strengths, and competencies.

A student can explore careers in areas of interest by developing a 4 year plan with supporting high school classes.

Plan - Career Zones & 4 Year Plans
