# CO-OP

Work-Based Learning Credit may be earned through CO-OP placements. Students have the option to be released from school early to participate in the work-based learning program. Students must already be employed in order to apply to participate in Co-op. Students are employed by a business that agrees to provide on-the-job training that *correlates with concurrent classroom instruction*. A school coordinator monitors the student's work performance. Students may earn up to 3 credits per year. An informational meeting will be held in May.

- If you are interested in Co-op, you must select CO-OP as an ALTERNATE in PowerSchool.
- DO NOT include CO-OP in your 7.0 credits. Schedules will be adjusted in fall after all paperwork is complete and approved.

Student Requests: STUDENT NAME (GRADE LEVEL)

Howell High School

ClassChoice is now open for requesting courses for the 20-21 school year.  
Use the Requests grid below to add your course selections.

STEP 1: Core - Click Add Core to select required core courses. You must complete this step in order to move on to Step 2.

STEP 2: Electives - Click on the Add Electives drop-down menu to select enough electives to change the Summary bar from red to green.

STEP 3: Alternates - Click on the Add Alternates drop-down menu. Students must select at least three alternates, or they will be selected for you. The more alternates you select, the more options you will have when making schedule adjustments in Class Choice. DO NOT SELECT ALTERNATES THAT ARE ALREADY SELECTED UNDER Core or Electives.

### Step-by-step instructions to help for entering requests via ClassChoice

**Step 2:** Select ClassChoice from the left hand menu in PowerSchool.

### Step 3: Enter your Requests.

You should be at the **Requesting Screen** in ClassChoice. There are several steps to entering your requests for next year. At our school it is divided into 3 steps.

**Core** - REQUIRED class in your grade level

**Electives** - Personal selections for non-core classes

**Alternates** - Extra electives (in case there are conflicts or classes are full)

When making your selections please keep in mind that later you will be able to make your own schedule and move classes around. However, you will only be able to select courses that you initially request, so it is important to be accurate and always choose the maximum alternates allowed so that you have more choices later to fill your schedule.

You must select all the Core Required classes first, before you will be able to see electives. Likewise, electives must be all selected to the exact credits required before you can see alternates.

**Request Screen in ClassChoice**  
The **red/green** bar will help make sure you have the **7 credits** needed for a complete schedule.
