

Making Your Own Schedule Changes

**A quick tutorial to using Class Choice to adjust electives
August 2022**

This fall, in Class Choice, students can make their own schedule changes to many elective courses.

Class Choice will show you:

- Courses that have an open seat, per class period, as well as the teacher's name
- Courses that you have a prerequisite for
- Courses that are open to your grade level
- Courses that are open to all students

Changes to the following courses cannot be changed by students and require a conversation with your counselor and/or an administrator:

- All core classes, include all levels of World Language
- CTE courses
- AP courses
- Choir and Band
- Classes that required an application

To Access Class Choice:

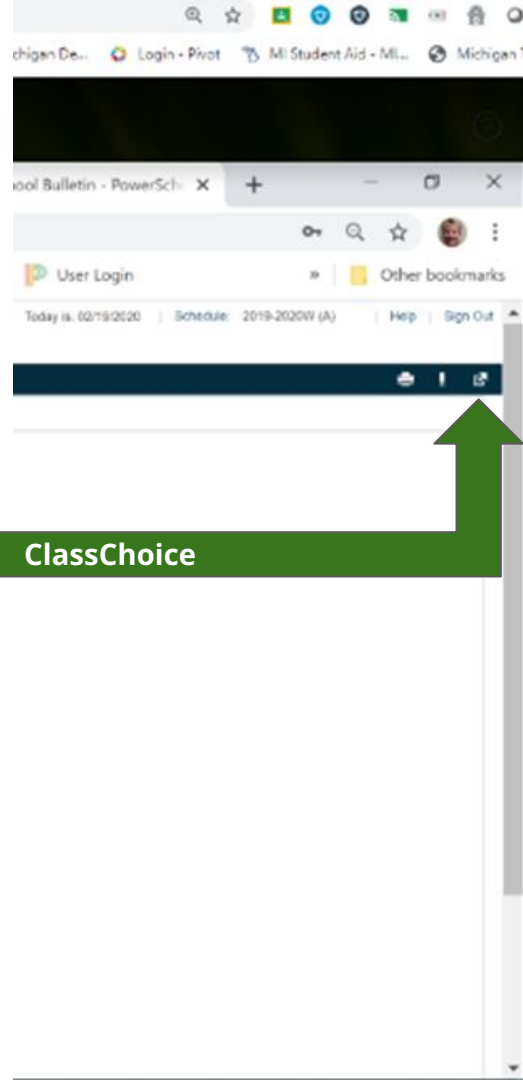

Login to PowerSchool student account

Select Box-Arrow from Menu Bar

Step 1: Log onto your PowerSchool student account

Step 2: Select ClassChoice from the right corner on the **blue menu bar** in PowerSchool

Step 3: View your schedule!

Most students will have a schedule similar to this one with core classes and electives (1 semester & year long) making up a 7 period day in hours 1 through 7.

Your Flex class will be shown in 8th hour when school starts.

Some CTE courses may be scheduled into 8th hour instead of flex.
